## Dear guest,

**In a unique collaboration between BVU (Belgische Vereniging voor Urologie) and Surgquest, we are pleased to invite you for the first edition of the Belgian BPO event with focus on innovation.**

In an attempt to offer you a unique learning experience, we will focus on live demonstration of innovative surgical and non-surgical techniques to tackle BPO (Benign Prostatic Obstruction). We have gathered a stellar faculty of Belgian urologists regarded as experts in the field of innovation and BPO treatment. Furthermore, our ambitious young colleagues of ESRU (European Society of Residents in Urology) will be offered hands-on training in the robotic training cluster to get fully immersed in the atmosphere of education.

This one-day conference will be organized in Orsi Academy on Friday October 10<sup>th</sup>. We would be honoured if you could join us and be part of the surgical future.

Yours sincerely,

**Dr. Thomas Adams**

*President BVU*

**Dr. Ruben De Groot**

*CEO Surgquest*
